

Healthy & Handsome Smiles

Dental Sense for Gents

We are dedicated to keeping men healthy and handsome with great dentistry. With Father's Day just around the corner, we think it is the perfect time to give you some specific information about the male mouth.

Did you know that just being a guy increases your risk for dental diseases? In general men visit the dentist less often for cleanings. Skipping dental visits may lead to oral health issues that can be quite costly. To all the guys out there who try to dodge the dentist, we invite you to come and see us for a very gentle cleaning. It might just save you some money and it will definitely help your smile.

Enhance Your Chance for Romance

A recent Yahoo! survey of American women concluded that ladies really pay attention to your smile. In fact, women ranked a man's smile as the first feature they notice, over eyes, hair and physique.

Don't forget we're offering 50% off of custom, take-home whitening kits through June 30th! It's tax deductible. Call us to schedule your smile upgrade today.

Relay for Life

Like you, we believe in working hard to make our community a better place. On Friday June 19th, members from our dental team will join the Relay for Life, walking many miles at the Hartnell College track to raise money for the American Cancer Society. We welcome you to join our team or donate to this very important cause today.

Please [click here](#) for more information about Relay for Life.

Supporting Senior Smiles

On Wednesday May 27th our team took part in the Classic Residence by Hyatt Health Fair. We had a great time meeting lots of local seniors and making them smile.

New Patients Welcome

Many of you have asked if we are accepting new patients. The answer is of course! We love our patients and always welcome your friends, family and co-workers. For us, a referral is one of the greatest compliments we can receive.
